SHARED PROBLEMS

Climate change. Weapons proliferation. Cybercrime. Terrorism. Pandemics. The major risks we now face are global. Viable solutions depend on global cooperation. And it cannot be left to states alone.

The job of coordinating the global response needs to be based on a truly global partnership which includes civil society, business, parliamentarians and leaders at all levels if it is to be successful.

SHARED SOLUTIONS

Identify workable ways to address global risks through broad-based global consultations

Produce a 'to-do' list for the international community by prioritising the leading ideas

Mobilise our diverse network to make these solutions a reality
