BOOK NOW for the UK's biggest debate on global issues: [UNA.ORG.UK/FORUM](http://UNA.ORG.UK/FORUM)

UN Forum 2014 will be the UK's largest public event on the United Nations in recent decades. Taking place at the historic venue of Central Hall Westminster, the meeting place of the first General Assembly, over 2,000 participants will engage with decision-makers, experts and campaigners.

We are entering a time of profound domestic and global change with the Scottish referendum and UK general election taking place against a backdrop of humanitarian crises, the threat of conflict in Europe and continuing economic insecurity. What can we – and the international community – do to solve the biggest challenges facing the world?
